WATER QUALITY MONITORING OF DAMS AND WETLANDS

**Phytoplankton Pigment Report
PRINCESS VLEI & ZEEKOEVLEI**

Date Sampled : 2016-08-08

Manager: Stormwater & Sustainability Branch
Civic Centre - Tower Block
Floor 17
12 Hertzog Boulevard
Cape Town

Sampling Point	LIMS Number	Chlorophyll-a µg/l	Phaeophytin* µg/l
PV03 Princessvlei-centre	951427	16	0.27
ZEV1S Home Bay in front of Zeekoevlei Yacht Club	951428	96	3.4
ZEV3S In front of Cape Peninsula Aquatic Club	951430	49	5.3

Guidelines : DWAF 1996 South African Water Quality Guidelines Vol 1 & 2

Chlorophyll-a (ug/l)	Target water quality range	Chronic Limit
Recreational	0 - 15	>30
Domestic	0 - 1	>10

APPENDIX 1 : TEST METHODS

Parameter	Test Method	Uncertainty of Measurement (Worst case UoM for a confidence level of 95%)
ELISA Method: Test for Microcystins and Nodularins in water from dams	MM/HB_TM/01	See Note 5
Chlorophyll-a	MM/HB_TM/02	See Note 5
Algal Identification and Enumeration (Sedimentation Method)	MM/HB_TM/03	See Note 5
SASS5 Biomonitoring Method for Macro-invertebrate Identification	MM/HB_TM/05	See Note 5

The acceptance of an item for Testing and the issuing of a Test Report by Scientific Services are subject to the following conditions:

The acceptance of an item for Testing and the issuing of a Test Report by Scientific Services are subject to the following conditions:

1. Results marked with a * in this report indicate "Not SANAS Accredited". This refers to results derived using test methods not included in the SANAS Schedule of Accreditation for this laboratory.
2. Results pertain to samples supplied or taken by internal sampler and/or customer and tested.
3. Any comments or statements made on this report are the opinion of the author and are not included in the SANAS Schedule of Accreditation.
4. Any recommendations included with this report are based on the assumptions that the samples are representative of the bulk from which they were taken.
5. The estimated uncertainty of measurement for all the results are obtainable from the Laboratory.
6. This report may not be reproduced other than in full, and with the permission of the Laboratories of the Scientific Services, City of Cape Town..
7. Neither the Laboratory nor its officials will be liable for the incorrect interpretation of results.
8. Sampling is not included in the SANAS Schedule of Accreditation.
